About Me

I'm a good listener and interested in a wide range of subjects, which allows me to diversify my skills.

Interests

- Games
- Discovering new spaces
- Programming
- Climbing
- Reading

Languages

Native

Professional English in progress

Game Design

Work-linked course September 2025 - September 2026

Profil

I'm a 3rd year student, I've learnt Game Design and I've contributed to team projects and carried out personal projects. I'm keen to learn from experienced professionals and to put into practice the skills and knowledge I've acquired over 3 years of my Bachelor's degree.

Formation

Bachelor : Game Design

2021-2024: LISAA (L'institut Supérieur des Arts Appliqués), Paris

In its teaching, the school places particular emphasis on game design, but also on 3D production, prototyping, UX/UI, level design, production and the history of video games.

High School

Louis Armand, Nogent sur Marne 94130

Subjects chosen: Mathematics and Engineering Sciences, in addition to Expert Mathematics and Physics.

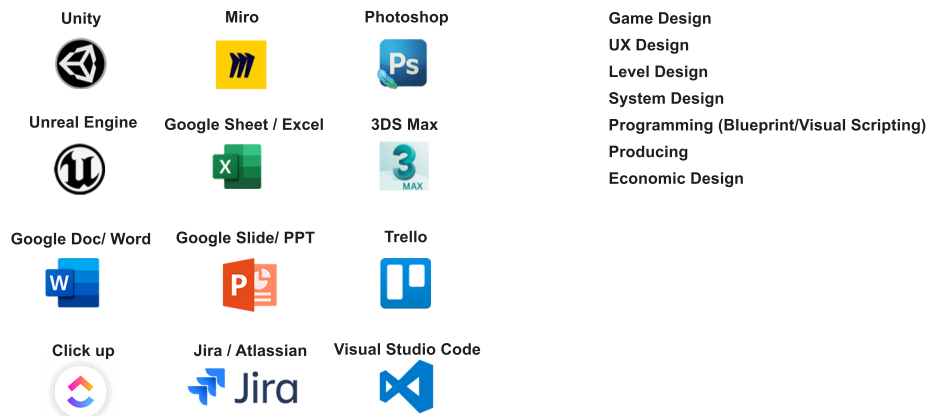

I obtained my Baccalaureat diploma with honours.

Skills
